Step aboard a Hurtigruten theme cruise—and step into adventure and fun. We are proud to present our roster of special-interest sailings of the classic Norwegian Coastal Voyage for 2008 and 2009.

Our legendary cruises between 34 ports along the majestic western coast of Norway—known as the “World’s Most Beautiful Voyage”—are now tailored to your tastes, making them more appealing than ever. The choice is yours: Cruise north, cruise south, or cruise the whole voyage. As always, you’ll enjoy Norway’s incomparable natural wonders from the comfort of our modern, upscale exploration vessels.

Choose from our seven themes: Lifestyles cruises for singles. Two personal growth sailings. Musical cruises, for fans of classical and big band. Arctic birding safaris. And a Red Hat Society sailing, for ladies who lunch—and laugh. Whatever your choice, Hurtigruten promises a once-in-a-lifetime vacation in one-of-a-kind Norway.
